

# Congratulations!

## We hope you love your gThankYou!® Gift Certificate

### How to Use Your gThankYou! Gift Certificate

#### **Shop Where You Want**

Choose **any grocery store chain or mass merchant store** such as Walmart or Target, anywhere in the United States.

Your gift certificate is a manufacturer coupon, just like the cents-off coupons you are used to. Almost all grocery stores accept manufacturer coupons like this.

The only stores that do not honor gThankYou! Certificates are those that do not accept *any manufacturer coupons*, including Club Stores Costco and Sam's, specialty stores such as HoneyBaked Ham and the Aldi Chain.

If your local market store doesn't take coupons but wants to honor yours, have them call us and we will help.

**Quick Tip:** If this is your first time using a gThankYou! Certificate; stop by customer service on your way into the store of your choice. Be sure to ask customer service to call us if they have any questions so we can take care of it. Our toll-free number is on the coupon – **888-484-1658**.

#### **Select Any Brand, Any Preparation**

Your gift certificate is good for **any brand of merchandise** and **any preparation**.

For example, if you have a gThankYou! Turkey Gift Certificate, it's good for one whole turkey, any brand, fresh, frozen, brined, smoked or cooked. Your choice!

#### **ENJOY!**

We hope you enjoy your gift with family and friends this holiday season!
